2023 Refurbished Desktops and Laptops

# About Our Company

*Invicta PCs brings economic value to organizations by providing retail quality refurbished personal computers at nearly wholesale pricing, while keeping timeframes intact for your growing business needs.*

## **COST CONSCIOUS**

We strive for that perfect balance of quality and cost. Invicta PCs keeps your bottom-line top of mind and is proud to offer refurbished personal computers at a third or fourth of the cost of new.

## **CONSISTENT**

The great minds at Invicta PCs have been in the refurbished tech industry for over 30 years! Our expertise and commitment to delivering reliable technology is consistent with our core values.

## **DEDICATED**

There's a reason each of our staff averages 15+ years of service in the peripherals industry. We are firm advocates for reducing e-waste, a leading cause of greenhouse gas emissions.

Renewing N-1/2/3 Tech greatly reduces our carbon footprint and means each day is making a positive future impact.
